

Pupil premium strategy statement – Roe Green Junior School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	464
Proportion (%) of pupil premium eligible pupils	13.36%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement each academic year)	2023/2024 2024/2025 2025/2026
Date this statement was published	January 2024
Date on which it will be reviewed	September 2025
Statement authorised by	Melissa Loosemore
Pupil premium lead	Chris Best
Governor / Trustee lead	Vijay Assani

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£117,590
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	£2827.50
Pupil premium funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£120,417.50

Part A: Pupil premium strategy plan

Statement of intent

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

All members of staff and governors at Roe Green Junior School accept responsibility for disadvantaged pupils and are committed to meeting their educational, pastoral and social needs in a caring environment.

Through the use of pupil premium funding, we seek to raise the attainment of disadvantaged learners and to ensure that they achieve at least as well as their non-disadvantaged peers.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low academic and social starting points for pupils.
2	Multiple needs of PPG pupils, including SEND and other social and emotional needs.
3	Access to high quality English language in the home and community, including some poor parental engagement in Pupils' learning, particularly Reading.
4	Access to extra-curricular activities.
5	Attendance and punctuality, particularly persistent absenteeism.
6	Increasing numbers of high needs SEND pupils

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment and progress in Reading, Writing and Maths	<p>Assessments and observations indicate significantly improved progress in Reading among disadvantaged pupils.</p> <p>School continue to signpost families to a range of support systems.</p>
Attendance, particularly reduction in persistent absenteeism	<p>Sustained high attendance and punctuality among disadvantaged pupils, and ensuring attendance of disadvantaged pupils is above 96%.</p> <p>Parents work with the school to establish and maintain routines that are supportive of good attendance.</p>
Engagement in school and activities	<p>Pupils participating and engaging in the school's full range of enrichment activities.</p> <p>Key pupils identified to join pre-paid/partly funded clubs.</p> <p>Pupil voice indicates that pupils are benefiting from the enrichment activities Provided.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £20,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
All year groups to be supported by at least two Learning Support Assistants (LSAs)	EEF - As the size of a class or teaching group gets smaller it is suggested that the range of approaches a teacher can employ and the amount of attention each student will receive will increase, improving outcomes for pupils.	1, 2, 6
Training for all Teaching and Support staff	EEF guide to pupil premium – tiered approach – teaching is the top priority, including CPD. Extra staff Inset on Reading, Writing and Maths.	1,2, 3
Read Write Inc staff training	Phonemic awareness instruction helps children to learn to read,” (Ehri et al, 2001). “The phonics approach is more effective than meaning-based approaches...in improving young children’s reading skills,” (British Council). EEF T&L toolkit: - Phonics (+4 impact) Hattie’s influences and effect sizes: - Exposure to reading (0.43) - Small group learning (0.47)	1,2, 3
Continue to ensure assessment process is rigorous and all staff understand the data and internal assessment mechanisms	To ensure a whole school strategy exists with all staff effectively working together to identify and address gaps in learning for each learner.	1,2, 6
Reading Comprehension strategies explicitly	EEF – A very high impact for the very low cost based on extensive evidence.	1,2, 3

taught in all classes daily using Complete Comprehension package.	<p>Supports the development of language across the curriculum</p> <ul style="list-style-type: none"> - Exposure to quality and engaging texts - Key vocabulary has a high profile in all lessons - Interventions - Advice from SALT 	
---	---	--

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £90,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Tailored reading interventions</p> <p>Tailored writing interventions,</p> <p>Tailored maths interventions</p> <p>Speech and language interventions</p>	<p>EEF - Small group tuition is defined as one teacher or professional educator working with two to six pupils together in a group. This arrangement enables the teacher to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.</p>	1,2, 3
<p>1:1 and small group Emotional Support for children with social and emotional needs.</p>	<p>EEF - Metacognition and self-regulation approaches to teaching support pupils to think about their own learning more explicitly, often by teaching them specific strategies for planning, monitoring, and evaluating their learning.</p> <p>Interventions are usually designed to give pupils a repertoire of strategies to choose from and the skills to select the most suitable strategy for a given learning task.</p>	1,2

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £20,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Attendance Officer and Education Welfare Officer	<p>EEF - Parental engagement refers to teachers and schools involving parents in supporting their children's academic learning. It includes:</p> <ul style="list-style-type: none"> - approaches and programmes which aim to develop parental skills such as literacy or IT skills; - general approaches which encourage parents to support their children with, for example reading or homework; - the involvement of parents in their children's learning activities; and more intensive programmes for families in crisis. 	3, 5
Enriching experiences connected to the curriculum	<p>EEF - Outdoor adventure learning typically involves outdoor experiences, such as climbing or mountaineering; survival, ropes or assault courses; or outdoor sports, such as orienteering, sailing and canoeing. These can be organised as intensive residential courses or shorter courses run in schools or local outdoor centres.</p> <p>Adventure education usually involves collaborative learning experiences with a high level of physical (and often emotional) challenge. Practical problem-solving, explicit reflection and discussion of thinking and emotion (see also Metacognition and self-regulation) may also be involved.</p>	1, 2, 4
1:1 and small group play enrichment for children with social and emotional needs.	EEF - Metacognition and self-regulation approaches to teaching support pupils to think about their own learning more explicitly, often by teaching them specific strategies	1,2

	<p>for planning, monitoring, and evaluating their learning and play.</p> <p>Interventions are usually designed to give pupils a repertoire of strategies to choose from and the skills to select the most suitable strategy for a given learning or play task.</p>	
Funding for extra-curricular lessons and clubs	Ensuring a greater number of PP pupils involved in extracurricular opportunities to support personal and social development.	2, 4
Theatre group workshops	<p>EEF - Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.</p> <p>SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family or community.</p>	1,2
Subsidy for school trips and residential trips	Ensuring a greater number of PP pupils involved in school trip and residential trips.	4

Total budgeted cost: £130,000

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the 2022/23 academic year using key stage 2 performance data and our own internal assessments.

Our internal assessments during 2022/23 suggested that the performance of disadvantaged pupils is broadly in line with that of their non-disadvantaged peers in terms of progress, and similarly it was lower than in the previous two years in key areas of the curriculum. We continue to accelerate progress for our disadvantaged pupils to narrow the attainment gap further.

Attainment (disadvantaged group across whole school)

Reading attainment 51% (21/22) to 51% (22/23) at age related expectation or above.

Writing attainment 31% (21/22) to 32% (22/23) at age related expectation or above.

Maths attainment 52% (21/22) to 89% (22/23) at age related expectation or above.

Progress (disadvantaged group across whole school)

Reading progress 86% (21/22) to 87% (22/23) at expected progress or above.

Writing progress 67% (21/22) to 72% (22/23) at expected progress or above.

Maths progress 82% (21/22) to 89% (22/23) at expected progress or above.

Last academic year, whilst reflecting on our internal data for Writing and Maths progress, we identified that more needed to be done in accelerating the progress for all pupils in the school. Subsequently, progress in Writing and Maths was most significant this academic year.

Overall attendance for our disadvantaged pupils remain below that of non-disadvantaged pupils in 2022/23, their attendance was lower than the national average. Whilst acknowledging this is a trend presented nationally, we are not complacent and continue to strive to improve attendance rates for all pupils, but particularly our disadvantaged pupils.

Total Number of Children: 459 (90.89%)

Total Number of Non-PP Children: 388 (92.34%)

Total Number of PP Children: 71 (89.46%)

The effective intervention of the attendance officer has helped to develop relationships with parents who are reluctant to engage with the school and improve attendance. Particularly with persistent absentees. However, since the Covid pandemic, the attendance data for disadvantaged pupils is on average 6% below our expectation of 96%.

Attendance in clubs and other enrichment activities increased again in 2022/23. Our most popular clubs for our disadvantaged pupils include Running Club, Cooking Club, Netball Club and Football Club. These were all provided to pupils free of charge to reduce barriers to participation.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
Complete Comprehension	Schofield and Sims
